

Low Range RF generator (100 meter)
 RF Communication (encoder)
 Address based communication
 Power by External Source like Battery or SMPS
 LED indicator
 Touch Display
 GPRS Communication
 Panel Mount type
 Bi directional Communication

Slave RF receiver with RF Harvesting
 RF Communication (decoder)
 Address based Slave communication
 Power by RF
 Low power LED indicator
 Low power MCU
 Always active as Listener Mode
 Slim Size (portable)
NO Battery (we can use capacitors)
 Bi directional Communication
