

TPS62125 TRANSIENT SIMULATION

slvm683 TINA-TI sample circuit

TPS62125 TRANSIENT SIMULATION

Real circuit change from slvm683 TINA-TI sample circuit.

C3,L2 add slvm683 TINA-TI sample circuit.

Approaching from ideal parts to actual parts, noise increased in the output.

(Question)
Q1
Is the simulation correct?

Q2
How can I improve the noise?
