

Peak Current Observation II

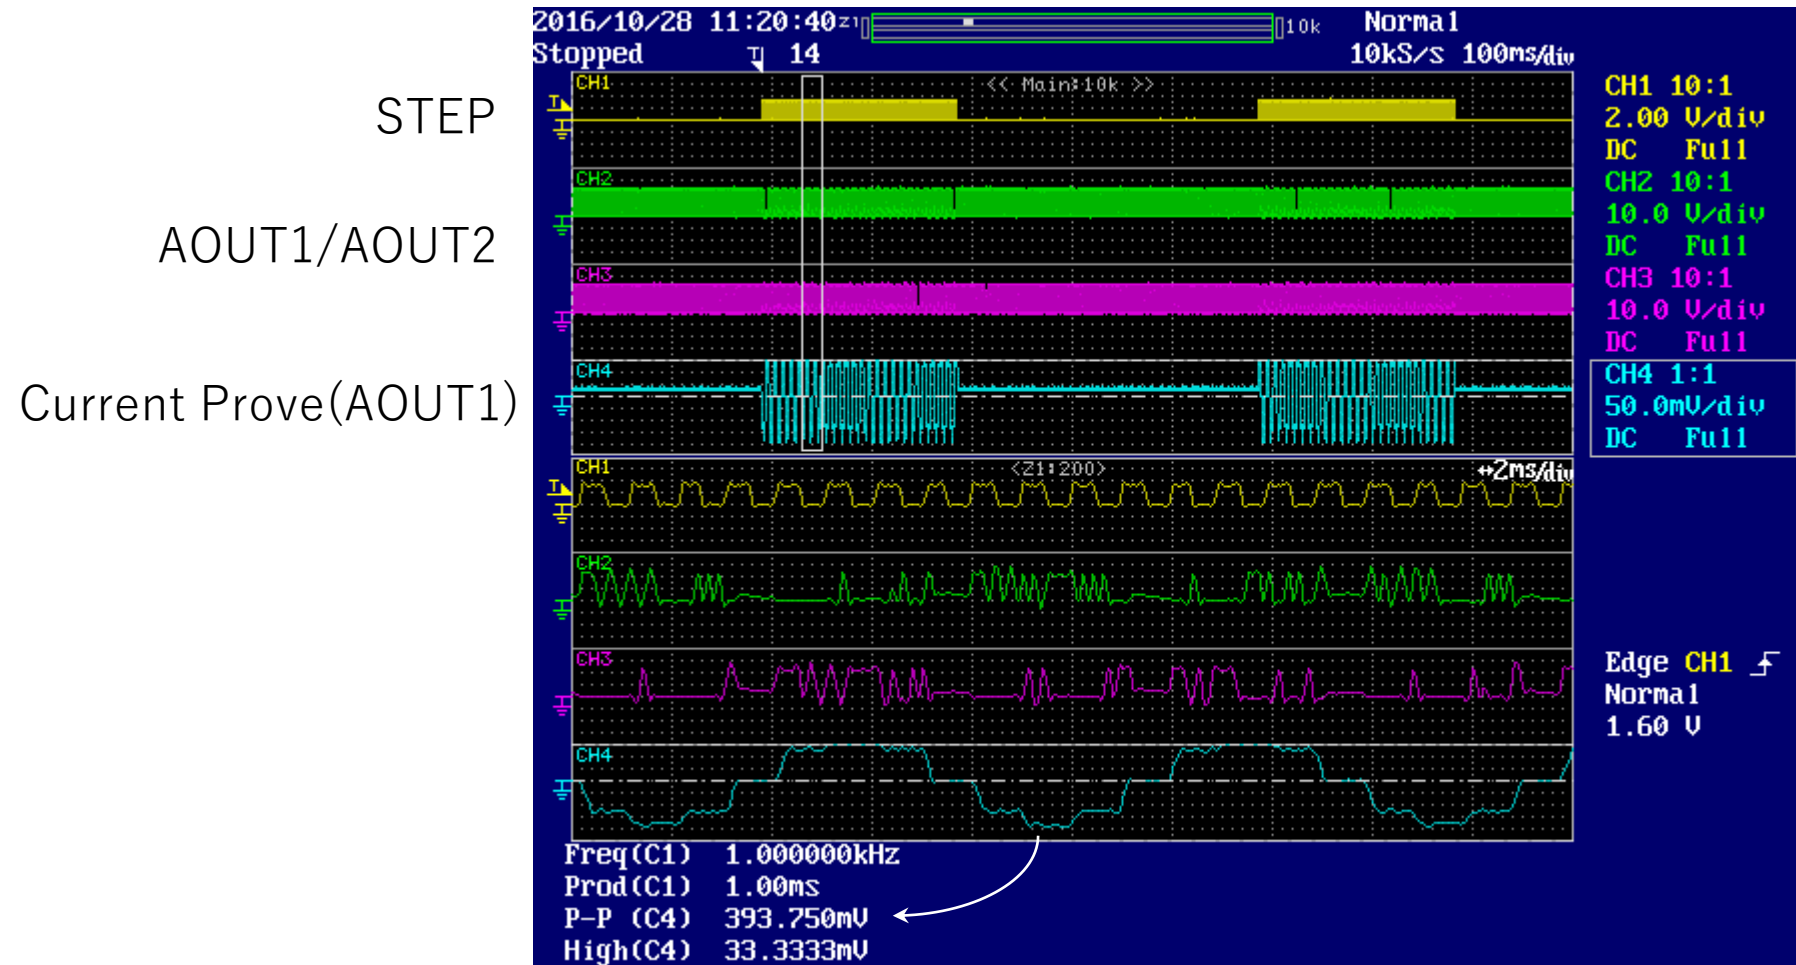

Peak Current Observation at 1000pps at Full step mode

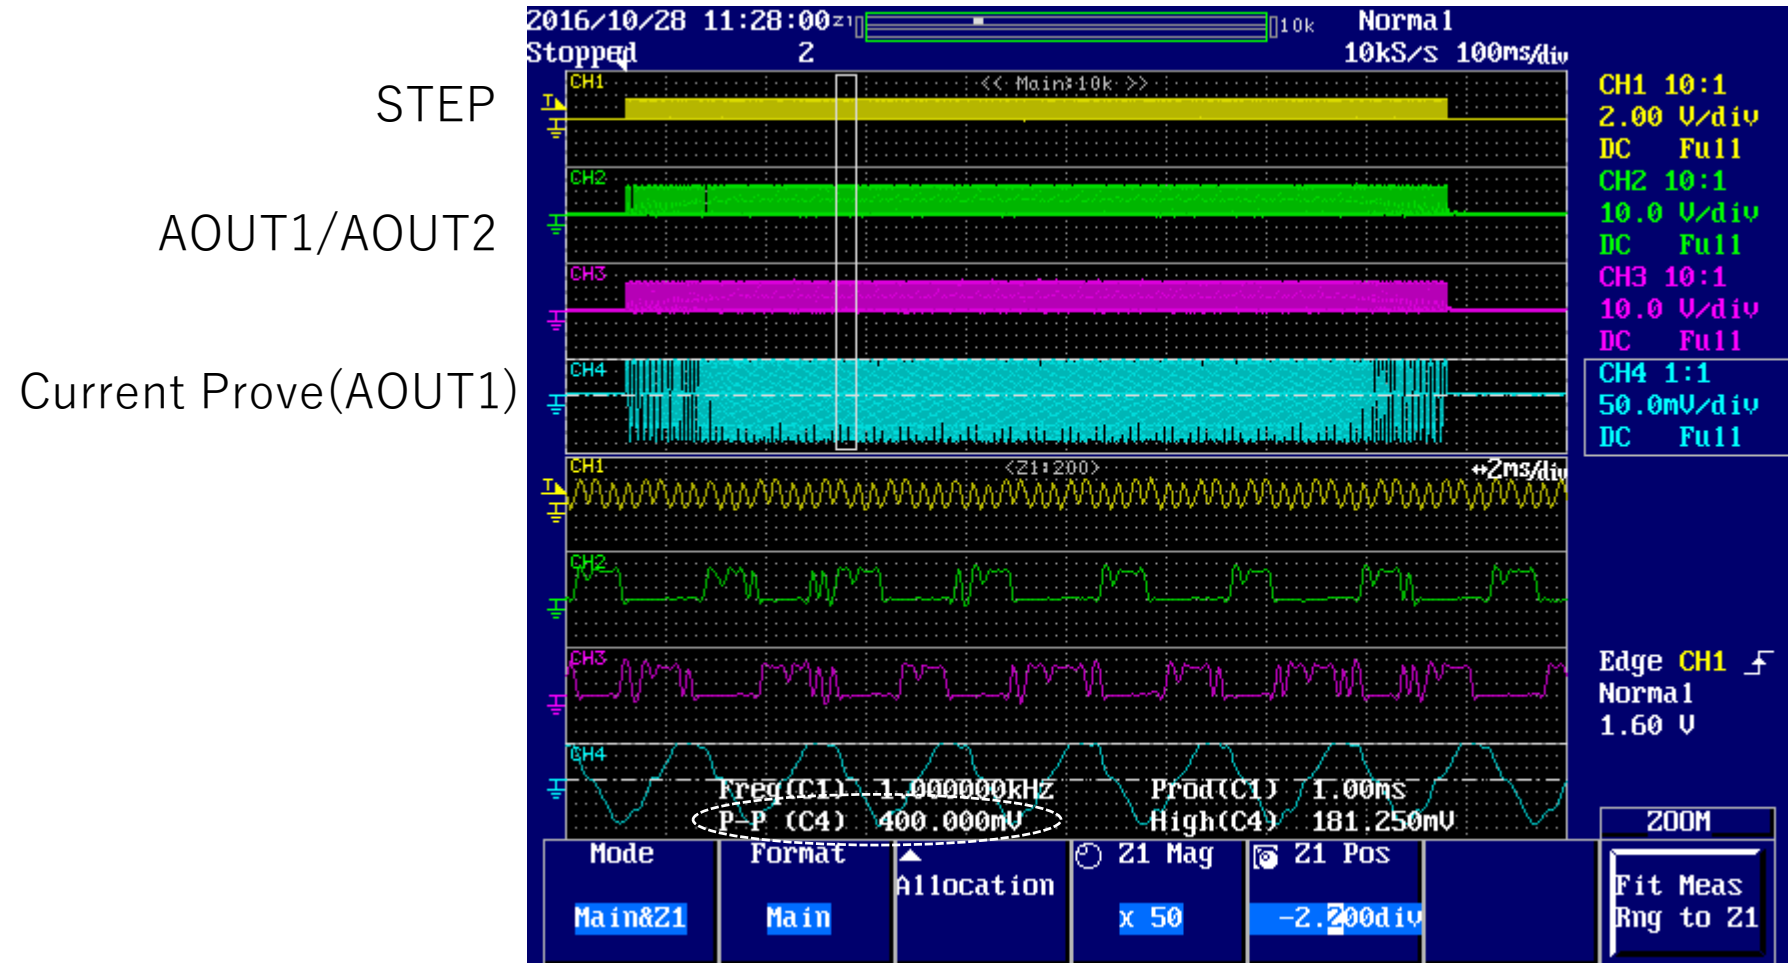

Determined Peak current is approximately 1.4A
(Probe magnitude is 0.1V/A)

Peak Current Observation at 1000pps at Half step mode

Determined Peak current is approximately 1.95A
(Probe magnitude is 0.1V/A)

Peak Current Observation at 3000pps at Half step mode

Determined Peak current is approximately 2.0A
(Probe magnitude is 0.1V/A)
