

Subject: National Semiconductor Product Discontinuance Notice - September 2005(PDN File #294)

September 13, 2005

Dear Mr. PDN Administrator:

National Semiconductor wishes to advise you that we intend to discontinue and cease to take orders for the devices listed in attachment B. If our records indicate that you have either purchased or have submitted specifications for review toward technical compliance for any of these devices these will be listed together with your customer part number, in attachment A.

The reason for this discontinuance notification is to advise our customers of a change to the original end-of-life order dates defined, and communicated, in previously issued discontinuance notifications. As a result of our announcement to close our Singapore assembly site, we are truncating the LTB dates of March 3rd, 2006, June 6th, 2006, and September 5th, 2006, which were originally communicated for the affected devices.

Your company will have until December 6th, 2005 during which time you may place end-of-life orders for the listed products. Final orders will be shipped within 5 months after lifetime buy date has expired.

To assure that your product needs are met during the end-of-life period, some date codes may be more than twelve months from the ship date. We would like to caution you not to wait until the last moment for placing your final order. In fact, if you anticipate a need over and above your normal run rate whether it be placed now or near the end of the lifetime buy cycle, please provide your National sales representative with a forecast to ensure the full availability of the product.

For any products designated in this letter, your final order can be as late as December 6th, 2005 with a final ship date of May 31st, 2006.

We thank you for your attention to this matter. Should you have any questions, please do not hesitate to contact your National Salesperson.

Sincerely,  
NATIONAL SEMICONDUCTOR CORPORATION
