Discontinuance of Select Devices
Product Discontinuance Notification

Date: February 13, 2026

Dear Recipient:

You have been identified for notification of changes for one or more of the devices affected by the change detailed in this notice. You are being notified either because (1) of your recent purchase history of the affected devices or (2) you are listed as being part of GIDEP (Government-Industry Data Exchange Program).

TI is interested in any continuing requirements for the affected devices. We would like the opportunity to continue to service the account and would appreciate it if you would notify us of any future demand for the affected products; to include estimated quantities needed as soon as possible.

In an attempt to satisfy continuing requirements, TI is offering a non-cancelable, non-refundable last time buy for the product. Related dates are included in the notification. We will contact you as soon as we have completed a review of all customer responses and determined the appropriate course of action required to satisfy the need for this/these products.

The notification period is governed by TI's standard process. Any inquiries should be directed to your local Field Sales Representative.

If additional supply is required beyond the dates defined in this letter, please contact your local Field Sales Representative to determine if the parts may be available from a TI-authorized distributor for discontinued products. There is no guarantee of continued supply for these products.

For questions regarding this notice, contact your local Field Sales Representative or the Change Management Team.

Sincerely,

Change Management Team
SC Business Services
