TMS570LS20206: Safety certificate

Danilo A.

165.225.116.78

Mastermind 27520 points

Texas Instruments

Part Number: TMS570LS20206

Tool/software:

Hi Team,

Our customer is looking for the updated safety certificate for TMS570LS20X/10X which expired in 2018. Since some TMS570LS20X/10X microcontrollers are already obsolete and NRND and are being replaced by TMS570LS31x/21x microcontrollers, we do not have an updated safety certificate for TMS570LS20X/10X. Is this correct?

Our customer would like to confirm if the statement " Overall, the LS31x/21x series of microcontrollers incorporates a superset of functionalities incorporated on the LS20x/10x series of microcontrollers" in the

. certificate of TMS570LS31x/21x means that he can use the certificate for the TMS570LS20X/10X.

Regards,

Danilo
